6 In giving the enhanced grants, the management of the orphanages have been desired to provide for the vocational training of the orphans, such arrangements being made to the satisfaction of the Director of Education.

7 As regards the latter part of the Resolution, it is doubtful whether the orphanages as at present constituted, maybe made to serve the needs of persons of advanced age. I should think that there must be a limit of age for residence in orphanages and the most convenient date is the age of attaining majority. If vocational training to majors is to be given under different conditions, the agency that must look to it should obviously be different. In this case it is really a scholarship relationship to the funds when the scholars benefitting by it is in a position to earn and industrial ~~Schools~~ Dept. would be preferable. 2/8/1915

medium.

The file maybe returned to the Econ. Conf. Section

Serial No. 20

I am afraid the resolution of the conference is too wide for practical application. There must be some definition of what a "well organized orphanage" is & also conditions to earn the grant. The orphanages of each town or village have to depend mainly on local charity and any govt grant which may be derivable. Institutions like temples & mutts have also to provide for the education & training preparatory of the orphans of the respective communities. The Missionary societies are doing a vast deal of useful work in such directions by funds mostly of their own. I think govt can accept the principle of the resolution & say that a certain proportion of the total expenditure will be borne by govt of local bodies & communities concerned contributing their share. ~~Thus~~ For instance if an orphanage costs 100 Rs a month, ~~we then~~ half of the

expenditure may be met by the communities concerned, by the local boards or municipalities and by from State funds as for orders.

Secy) 9/10

2) The Asst Secy will kindly study the rules relating to a few well-established orphanages in Bombay and elsewhere and put up a draft containing practical suggestions. The allowance may be fixed at Rs 2½ per capita. Of this half may be contributed from State funds & the other half should be paid by local boards. The religious & philanthropic associations conducting the orphanage should spend at least Rs 2½ per orphan. Persons over 18 years of age not to be kept in the orphanage. Some simple rules regarding discipline instructions should also be framed.

32 So far as I have been able to ascertain the maintenance of orphans is usually left to philanthropic agencies unless there is some obligation on the part of govt to provide for the orphans either as destitute children of European parentage or of persons who have lost their life in some public duty such as active service in war. There is no doubt a loss of most valuable national material in neglecting the training of orphans. The prosperous condition of many of the British Colonies is due to the large access of population they receive from this source as a result of the labours of agencies like the Salvation Army Barnardo's Homes &c. I am doubtful how soon it will be possible

Resolution No.3.- "That grant-in-aid at the rate of Rs.5/- per head per mensem be given to all well-organised orphanages on the condition that they train the orphans in some practical business, so that when they leave the orphanage they may earn their livelihood by the help of the practical education they have received and that, if such orphans are majors, an agreement may be taken from them that they would refund the money spent on their education with interest paid on Savings Bank deposits - carried by a majority."

****

Order No.

Dated Bangalore.....1916.

I The arrangements now existing in the State for the training and equipment of orphans are understood not to be adequate. As ~~suggested~~ proposed by the Economic Conference, it seems necessary, therefore, to adopt some special measures for some time with a view to induce philanthropic and charitable agencies to

27 6

undertake the education and training of such destitute children. Government have therefore decided to issue the following rules to facilitate the training of orphans. The rules will be in force for the present for a period of three years.

Rules regulating grants to orphanages.

I (1) Grants will be sanctioned on the recommendation of the Inspector General of Education for all well-organised orphanages which are managed satisfactorily.

II (2) The amount of the monthly grant will not exceed 25 per cent of the amount collected from other sources and will be subject to a maximum limit of Rs.100/- per ~~annum~~ mensem for a single institution.

III (3) Every orphanage which applies for a grant under these rules should satisfy the following conditions:-

(a) that it is under the management of a Committee of not less than three respectable citizens of the locality, certified as such by either the President of the local municipality or any Gazetted Officer, residing therein, of or above the rank of an Amildar;

(b) that all the inmates of the orphanage are below 18 years of age as certified by the local resident

Medical Officer or ~~the~~ one living nearest to the place;

(c) that proper arrangements are made for imparting elementary education and manual and technical training to the students as certified by the District Inspector of Schools within whose range the orphanage is located;

(d) that the inmates of the orphanage for whose benefit the grant is applied have [redacted] no father being and no other means of support as certified by the Committee of management.

(IV) Every orphanage receiving a grant should maintain correct accounts of receipts and expenditure which shall be open to the periodical inspection of the officers of the Accounts Department. It will also be subject to periodical inspection by the officers of the Education Department and amenable to their advice regarding discipline and training in the orphanage.

(V) The monthly grant will be dependent on the sound management of the orphanage and the satisfactory progress of the inmates.

(VI) The Inspector General of Education shall have power to stop the grant whenever he thinks it desirable to do so in the public interests, submitting a report to Government simultanesously on

the subject.

VII (7) No orphanage shall be ineligible for grants under this order because it is confined to members of any particular sect or caste, provided the inmates are all natives of the State.

VIII (8) Orphanages receiving grants from Government shall be eligible for grants from municipal and other local bodies or charitable organizations and donations and subscriptions and ~~be guests~~ bequests from private individuals. All receipts (in kind or coin and in whatever shape or manner, shall be brought into the accounts of the orphanage, and the managing Committee shall be held responsible for the proper administration of funds collected.

2. IV For the current year a sum not exceeding Rs.5,000/- will be reappropriated from the funds in the budget of the Inspector General of Education, ~~as grants are being made~~. From the next year a suitable budget provision will be made on the estimates furnished by the Inspector General of Education.

3. V In the annual administration report of the Inspector General of Education, full details should be given ~~of~~ regarding the working of the orphanages receiving grants under the order.
